

Year 4 Newsletter – Autumn 2

Welcome back to a very busy half term!

We are going to be learning about The Great Plague of 1665. We will learn about rubbish and recycling in geography and data handling in our IT sessions. Our English units for this half term are fairy tales, classic poetry and writing a recount in the style of a newspaper. In maths, we will be learning about measuring and multiplication and division.

PE DAY

Our PE day for this half term is **Thursday**. Please make sure your child always has their **full kit** in school. It helps if children have their names in their kit and uniform. Earrings should not be worn for safety reasons.

OUR TARGETS

Reading: To be able find interesting words and phrases in our reading books.

Writing: To be able to identify and use noun phrases.

Maths: To recall multiplication and division facts from the six times tables.

HOME READERS

Please listen to your child reading at home if you can. Children are able to change their own reading books as often as they need during the week.

Children can also access reading books on Bug Club, through the home learning section of our school website. These reads will count towards their reading prize if they are written in your child's reading journal.

HOMEWORK

Your child has been given a selection of **independent challenges** to complete during the term. These will be collected in during the last week and prizes will be given for effort.

Year 4's next class assembly is going to be on Thursday 8th November at 10.15am and will be about recycling. We hope you can make it!

If you have any questions about your child's learning, please make an appointment to see us in school. Thank you! Miss Boardman, Miss Carr and Mrs Noone.
