

## Friday Newsletter 19<sup>th</sup> March 2021

These children have just started in Reception this week and haven't even met their classmates yet due to them having to isolate. Mrs Tattersall is keeping her new children busy with learning tasks, and they have been making some fat balls to feed the birds this week which look fantastic – well done everybody!

### Y6 chefs

Year 6 have been creating their own pasta bake recipes in their Design Technology lessons this term. They have done their market research, sourced ingredients, trialled cooking and tasting different dishes, then chosen their final recipes and costed out the budget for producing their product. They have then considered the

packaging and created their own sleeves which look so professional! The children had great fun cooking their chosen dishes and also learnt how to create them in a Covid-safe environment. Well done Year 6 – the dishes looked and smelt absolutely delicious! My only complaint is that I wasn't asked to sample any of them!!

### Attendance this week

The class with the best attendance this week was Year 3 – well done! Mrs Pullen is very impressed with you.

### Superstar certificate winners this week

The following children have all worked their socks off in class this week and have been awarded a certificate for their great attitude to learning:

**Mrs Pullen – Joshua and Mason**  
**Mrs Cowan – Ava H and Sophia**  
**Miss Bloomfield – Oliver and Lily**  
**Miss Stoves – Gabby and Alicia**

## Fantastic Behaviour awards

This week's awards for demonstrating great behaviour go to:

**Mrs Pullen – Emilia**  
**Mrs Cowan – Tyler**  
**Miss Bloomfield – JJ**  
**Miss Stoves – Luke**

## Year 4 Football skills lesson

Year 4 have had a fantastic time focusing upon their ball skills with their football coach, Mr Beckham. They have really been focusing on ball control and the different techniques that they can use to achieve this. It is so good to see the children back in school, enjoying sport and being able to work as a team again!

## Car parking on Firbank Road

Some of the residents on Firbank Road have contacted the nursery and school regarding parents parking on their road and blocking drives. Please could I ask all of our families to park respectfully when bringing vehicles to school to pick up their children. Many thanks for your cooperation.

## Comic Relief

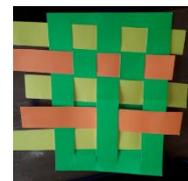

It was Comic Relief Day today and some of our KS2 children enjoyed coming into school wearing their superhero outfits. KS1 and Reception children had to wear theirs at home unfortunately, so we have decided that next Friday, on the last day of term, we will have a non-uniform day so that all the children can wear their superhero outfits / own choice of clothes at school, children can also bring in any donations they might still have for Comic Relief on that Friday.

## Welfare position available

We currently have a welfare position available in school which involves supervising children at lunchtime while they eat their meals and go outside to play. If you have an hour a day to spare, love working with children and want to support your school in a positive way, then why not give the school office a ring? The staff in the office will be able to tell you a little more about the role and can give you an application form.

## Year 1 Weavers

Year 1 children have been practising the skill of weaving using strips of paper. These children have all had a go at home and then sent pictures of their work to their teachers – well done folks!

## Return of Reception and KS1 children.

We look forward to welcoming all children back to school on Tuesday, but until then, please log into Seesaw to see what activities teachers have designed for their children.

Best wishes

C. Bright, Headteacher
